Experience

Full Stack Developer

Visioncraft

May 2021 - Present (2 years 3 months)

Working as a full stack developer using best coding practices and technologies. Following agile methodologies. I Worked on 6 different projects which also include complete redesign of a platform. Communicating with product owners, designers and other developers for smooth and timely delivery of products.

Tech stack :
HTML, CSS, Javascript, Typescript, Angular, Vue js, React js, Redux, Next js, Node js, Express js, Nest js, Postgres, MySQL, Digital ocean, Material UI, Unit testing, Docker

Full Stack Developer

Amplaffy

Feb 2020 - Sep 2020 (8 months)

I worked as a Full stack developer. I was responsible for all the development tasks including frontend and backend along with that maintaining the AWS instances. My tasks were:

- Frontend – Building new components for the platform using React, Redux and material UI
- Backend – Adding New end points to the existing API using express js
- Deployment – Deploying the frontend and backend changes to the AWS EC2 instances.

Frontend Developer - Internship

Internshala

Sep 2019 - Dec 2019 (4 months)

Worked on a project using technologies:

- HTML
- CSS
- Javascript
- Angular
